Sir: Director General of the 5th directorate

Subject: Information

Our Afghani source #002 (info on him in paper slip '1') has informed us that Afghani consular Ahmed Dahistani (info on him in paper slip '2') had spoken before him of the following

1-That Usama Bin Ladin and the Taliban group in Afghanistan are in contact with Iraq and that a group from the Taliban and Usama Bin Ladin's group had conducted a visit to Iraq

2-That America possesses evidence that Iraq and Usama Bin Ladin's group had cooperated to strike targets inside America

3-Incase Taliban and Usama's group are proven involved in those sabotage operations, it will be possible that America directs strikes at Iraq and Afghanistan

4-That the Afghani consular had heard about the Iraq connections with Usama Bin Ladin's group during his presence in Iran

5-In the light of what preceded we suggest writing to the Intentions Committee about the above information

.Please be informed.....your feedback please.....with appreciation
